Coastal Zone Act Permit Application
Re: Mountaire Farms of Delaware, Inc.

The Department of Natural Resources and Environmental Control (DNREC) has received an application for a Coastal Zone Act Permit from Mountaire Farms of Delaware, Inc. ("Mountaire"). Mountaire is seeking a permit to construct and operate a third production line in a 5,300 sq. ft. expansion to the existing picking room at their facility located at 29005 John J. Williams Highway, Millsboro. Environmental impacts to air quality are anticipated; the applicant will utilize emission reduction credits held in reserve from a previous environmental improvement project to satisfy the required offset.

The application is presently available for inspection at <http://www.dnrec.delaware.gov/Admin/CZA/Pages/default.aspx>.

If and when this application is deemed to be preliminarily, administratively complete and ready for a public hearing, there will be a second legal notice announcing the hearing arrangements.
